## Why Are You Late To School?

I didn't get up

because I was too tired,

and I was too tired

because I went to bed late,

and I went to bed late

because the teacher made me,

and the teacher made me

because I didn't understand

and I didn't understand

because I wasn't listening,

and I wasn't listening

because I was staring out of the window,

and I was staring out of the window

because I saw a cloud,

I am late, sir,

because I saw a cloud.
